Hello Ex. 6 - Personal Privacy -

We would like to set up sampling for your well on Monday January 30th at 0830, if that would be acceptable. We can also schedule your sampling for further on in February of that would be better. I am attaching an access form for our sampling that would need to be filled out and signed prior to our sampling event. You can scan the form and email it to me or I can have someone available to receive the fax in my office, they would scan it and send it to me. The fax number would be 215-814-3254 and you would send it attn: to me.

We are also checking with the home owners regarding home well 'split' sampling with Cabot and (or) DEP. If you are interested in allowing this sampling, we would send your contact information over the them and they would be responsible for requesting access from you.

I will follow up this with a call this afternoon - but you are welcome to call me at the cell phone below (or email me) at any time. Thanks much. Ann

Ann (Breslin) DiDonato  
On-Scene Coordinator  
US EPA Region III - Philadelphia  
Office 215-814-3311

Ex. 6 - Personal Privacy

Anne DiDonato, USEPA On-Scene Coordinator, will be calling you on Wednesday to schedule sampling. We would like to know if you would allow PADEP and Cabot to take additional samples during the time EPA is sampling. Please let her know.

Very respectfully,

David Polish

"I've noticed that even people who claim everything is predestined, and that we can do nothing to change it, look before they cross the road." Steven Hawking
